In the Specification:

On page 6, lines 25-30, please revise as follows:

$g1v$ = difference between the wavelength ~~upper~~ <u>lower</u> multispectral band 2 and the wavelength ~~lower~~ <u>upper</u> multispectral band 1;

$g2v$ = difference between the wavelength ~~upper~~ <u>lower</u> multispectral band 3 and the wavelength ~~lower~~ <u>upper</u> multispectral band 2; and

$g3v$ = difference between the wavelength ~~upper~~ <u>lower</u> multispectral band 4 and the wavelength ~~lower~~ <u>upper</u> multispectral band 3.
